Report of Sinking.

A report from Panama to-day de clared it was rumored in the Canal Zone that a British cruiser had been sunk by the German sea rover Karls-ruhe. The report also said the German cruiser had later been sunk by a British warship. "From Boissons to Rheims there were artillery exchanges. Our heavy pieces of artillery responded efficaciously to the bateries and the mine-throwers of the Germans.

"In Champagne, in the region of Bouain, there was yesterday very active shooting by our artillery directed against the positions of our adversaries near Perthes.

"Le Fortin, situated to the north of the Beausejour Farm, was the scene of a desperate engaunter. The enemy succeeded in fetting up a trench at a point within a series of field works, the commanding position of which was held by us. This fighting is still going on.

The engagement was said to have aken place off the coast of Colombia and Venezuela.

MONTREAL, Jan. 12,-A descrip tion of a naval battle off Grenada, British West Indies, is given in a fet. er received here to-day from an eyewitness, who asserts that in his opinon the German cruiser Karlsruhe took part and was sunk.

The letter, dated Grenada, Dec. reads as follows:

"It may interest you to know that on Wednesday evening, the 25th ultimo, while at my house, situated on a ridge overlooking the sea to the north of Grenada I witnessed a naval engagement, which was undoubtedly carried on between more than two warships. The action lasted as far as I observed from 7 o'clock P. M. to 11 P. M. and appeared to be on the very horizon to the north and northwest of the island.

"As the darkness increased it was quite apparent, when broadsides of projectiles exploded within seconds of each other on either side, within range of four to six miles. I did not hear the explosion of the shells, as

has been sunk. I also got a quan-tity of wreckage. I hope to send the life buoy to frame as a memento, but for the present the Government has commandeered it."

The letter was made public by the resterday in moving to reopen his un-

ed with Mrs. Tatum's acquittal last Montreal Gazette, and was receibly a member of its staff from of his friends at Grenada.
